

INVENTO Jack stand with lock 30T

Support designed for repairs of heavy-duty, agricultural, and commercial vehicles.

Description

INVENTO adjustable support with a load capacity of 30 tons is designed for securely supporting heavy vehicles and machinery. It is mainly used in the repair of commercial vehicles, agricultural machines, and construction equipment, ensuring stable and safe support for heavy-duty vehicles and machinery.

With a load capacity of up to 30 tons, this support is ideal for use in mechanical workshops and service centers. The height adjustment range of 80-92 cm allows for flexibility in various applications, while the large ratchet mechanism facilitates easy operation. The sturdy construction guarantees stability and safety during use.

Key Features:

Easy setup: Intuitive operation allows for quick and efficient positioning of the support, streamlining work in the workshop.

High load capacity: The 30-ton capacity makes it perfect for working with commercial vehicles, agricultural machinery, and construction equipment.

Height adjustment: The 80-92 cm range allows the tool to be adapted to various needs, with the large ratchet mechanism ensuring smooth and precise operation.

Stability and safety: The robust design and appropriately shaped base increase stability, minimizing the risk of accidental movement during operation.

Technical data

5906288303671

- Brand: INVENTO
- Model: INVTP14
- Load capacity: 30 tons
- Height adjustment range: From 80 cm to 92 cm
- Construction: Robust design ensuring durability under extreme loads, ideal for professional workshops.
- Adjustment mechanism: Equipped with a large ratchet for easy height adjustment.

Warranty: 12 months
