

INVENTO Manual oil extractor pump 10 L

An oil filler barrel with a capacity of 10 liters is necessary for everyday work in the car workshop and garage!

Description

An oil filler barrel with a capacity of 10 liters is necessary for everyday work in the car workshop and garage!

The barrel is made of chemical-resistant material, so there is no worry about the walls leaking, and thanks to this the bowl can be used for a long time.

It has a comfortable carrying handle, a hand pump and filler hose.

The filler is ideal for working with substances such as:

- oils
- fuel

Specification:

- Capacity: 10 liters
- Carrying handle
- Hand pump
