

Trim removal tool set, INVENTO

Car removal tool set, consisting of five pieces, allows for safe and precise removal of vehicle upholstery, protecting surfaces from damage.

Description

This set consists of five professional tools specifically designed for the safe and precise removal of upholstery in vehicles. Made from high-quality plastic, the tools protect the upholstery surfaces from damage, scratches, and scuffs, ensuring an efficient and gentle work process. The upholstery removal toolset is an essential accessory for anyone who wants to perform the job safely and effectively while taking care of the technical condition of the vehicle's interior.

The tool case is made of durable nylon, which protects the tools from damage and helps keep the set complete, preventing any loss of pieces.

The set includes:

1. Forks (clip remover): Ideal for removing and demounting plastic clips, providing a secure grip without the risk of breaking them.
2. Prying Tool: A tool designed for prying upholstery, allowing easy access to hard-to-reach areas such as Velcro fasteners or clips.
3. Shaped Hook: Thanks to its ergonomic design, it allows for precise removal of upholstery, especially from difficult-to-access areas.
4. Flat Tool with Hole: Used for removing screws or upholstery fasteners, especially useful in situations where space is limited.
5. Large Flat Tool: This tool is used for gently prying larger upholstery elements, ensuring they are lifted evenly without the risk of damage.

This set of tools is an indispensable addition for anyone looking to perform upholstery removal tasks safely, efficiently, and with care for the vehicle's interior condition.
